BILLS.

There were three Bills on the agenda and of these, the Bill to amend the Mysore Lunacy Regulation, 1916, was finally passed. In respect of the Bill further to amend the Criminal Tribes Regulation, 1916, the rules of business were suspended and the Bill taken into consideration without being referred to a Select Committee and passed at one sitting. Motions in respect of the Bill further to amend the Code of Criminal Procedure, 1904, for a certain purpose were altered and the same was, after some discussion, referred to a Select Committee with a direction to report on the 20th December. This report together with certain amendments were considered on the last day and the Bill as amended by the Select Committee was passed.

DEMANDS FOR ADDITIONAL AND SUPPLEMENTARY GRANTS FOR 1933-34.

There were 17 demands for additional and supplementary grants and their aggregate amount was Rs. 8,90,466. These were taken up on the first two days along with the 55 cut motions that had been tabled. Only eight cut motions were moved and they were either withdrawn or not pressed after the objections were answered. All the demands, except the first demand for a sum of Rs. 5,000 under Land Revenue, which was withdrawn, were passed.

ADJOURNMENT MOTIONS.

On the last day, notice of two adjournment motions was given, the object of one being to discuss the recent order of Government permitting the employment of overseers, etc., to execute village panchayet works at the cost of the village panchayets themselves and the other to discuss the order of Government on the levy and recovery of pilgrims' or visitors' tax and toll at Seringapatam. As only one motion could be moved at a meeting, the President allowed the motion regarding the employment of overseers by the village panchayets and disallowed the other. The motion was, however, subsequently withdrawn by the members who proposed to move it.

RESOLUTIONS.

The resolutions on the statement of business numbered 74 but only three were discussed on the second and the third days. The first resolution taken up proposed that immediate steps be taken to ensure an adequate and just representation in the Government service to all the major and many minor communities who have failed to secure proper representation. It was not pressed to a division after the explanation on behalf of Government that they accepted the general principle underlying the resolution though not the form in which it was brought.

The second resolution which recommended the adoption of the system of communal representation in recruiting persons to various grades of services was not, in view of the discussion on the first, pressed by the mover.

The third resolution related to the remission of 25 per cent in the land revenue, as the price of foodstuffs had gone down considerably. After the Government expressed their view in the matter, the resolution was put to vote and lost.

The President, in his concluding remarks, observed that as many as 32 Bills had been considered and passed by this Council and thanked the hon'ble members on the non-official side for the useful work they had done and the spirit of co-operation they had throughout manifested, which was the key-note of political life in Mysore and which, he had no doubt, was based on a recognition that the Government had only one view—the well-being and progress of Mysore.

The President thereupon declared the Session closed.

By Order,

C. SUBRAHMANYA Aiyar,
Secretary,
Mysore Legislative Council.
